**Welcome**

Welcome to the Rock Island Shared Use Path Public Hearing. This is your opportunity to review and provide written or spoken comments on the preliminary design for the approximately 15.6-mile long shared use path project extending along the Rock Island Rail corridor from the Truman Sports Complex into Lee’s Summit, Missouri. Information available for your review includes the layout and location of the path, trailhead locations, limits of the construction, and potential needs for additional right of way and easements as currently identified in the preliminary design. Results and findings from the environmental review along the path are also available. Staff from the County and the design team area available to answer your questions and to provide additional information. Feel free to ask for their assistance. We are here for you!
