

# Household Hazardous Waste COLLECTION DAY

Jackson County Public Works

34900 E. Old U.S. 40 Highway, Oak Grove, MO

(North side of AA Hwy. approximately one mile east of Buckner-Tarnsey Road)

SATURDAY

10.05.24

8:00 am - 12:00 pm

OR  
UNTIL TRUCKS  
ARE FULL!

**PROVIDED BY:** • Jackson County • City of Grain Valley • In cooperation with: MARC Solid Waste Management District's Regional Household Hazardous Waste Collection Program

For more information on MARC Solid Waste Management District HHW Collection Program or permanent collection sites, call (816) 701-8226 or visit [marc.org/Environment/Solid-Waste](http://marc.org/Environment/Solid-Waste).

## WHAT TO BRING?

- automotive & household batteries
- fluorescent light bulbs
- automotive fluids
- fuels
- paint products
- acids/bases & solvents
- hobby supplies
- herbicides & pesticides
- household & pool chemicals

## WHAT NOT TO BRING?

- pressurized gas cylinders
- asbestos & tires
- explosives
- yard waste & garbage
- trash or commercial waste

## FREE SERVICE FOR RESIDENTS OF:

- Blue Springs • Independence • Lake Lotawana • Kansas City • Sugar Creek • Grain Valley • Lone Jack • Oak Grove
- Unincorporated Jackson County including the communities of Levasy, River Bend, Sibley and Unity Village
- Greenwood • Lee's Summit • Lake Tapawingo funding participants in the MARC SWMD HHW Program

Residents of non-participating Jackson County communities should visit [recyclespot.org/HHW/hhwfacilities.aspx](http://recyclespot.org/HHW/hhwfacilities.aspx) and check out the Lee's Summit facility. There is a disposal fee and an appointment is required.

## HOW TO TRANSPORT?

- bring in original container, if possible
- do not mix waste together
- label materials not in original containers
- make sure lids are tightly sealed
- place leaking containers within a larger plastic container and pack kitty litter around the product to absorb leaks
- place products upright in cardboard box and secure for transport
- waste should not be carried in back seat of cars with pets or children
- truck beds and car trunks are the best way to transport waste
- do not smoke while transporting hazardous materials
- keep flammables out of direct sunlight and away from sources of spark and flame
