

Economic Development

Department Overview

The Jackson County Economic Development Department seeks to promote and support regional economic development through collaboration with municipalities, regional development agencies, the private sector and the community. The focusses of the department include tax incentives which are tracked by the Tax Incentive Unit, transportation, County assets, workforce development and being creative community partners.

The department seeks to provide economic development information to promote new business attractions as well as business expansion and retention. As a department, they seek to provide business professionals and regional partners accurate information on the overall state of the county and region. The department is excited about the new opportunities that lay ahead and continues to seek innovative ways to promote economic development in Jackson County and in the greater Metropolitan area.

Rock Island Rail Corridor Authority

Department Overview

The Rock Island Rail Corridor Authority (RIRCA) is working to improve Jackson County's transportation system, both in the short-term as well as the long-term transit planning. The RIRCA is responsible for overseeing the implementation and development of the Rock Island Railroad Corridor as a multi-modal transit corridor to enhance Jackson County and the region, promote healthy active transit options, and support regional economic development through collaboration with other transit entities, municipalities, the private sector, and the community.

Preservation of the Corridor's integrity as a transportation corridor, most notably the railroad corridor's unencumbered continuity, is a guiding principle to protect the value and very nature of the investment being made by the County and the Kansas City Area Transportation Authority.

The Rock Island Corridor provides a critical link to the region's adopted trails plan, as it would be a significant step forward to connecting Kansas City with its neighboring municipalities, the Truman Sports Complex, and the Katy Trail.

Office of Communications

Department Overview

The Office of Communications is responsible for creating an image of openness and transparency for Jackson County government. They perform these functions through proactive public relations, media relations, advertising, marketing and general communications.

It is the responsibility of the Communications Office to provide consistent brand identity and oversee the content, design and layout of all education, promotional and advertising information.

The office also creates commercial spots, public service announcements and staff training and orientation videos from script, to pre-production, production and post-production. They are responsible for promoting Jackson County internal events and information to employees and coordinating major county events.

Prescription Drug Monitoring Program

Department Overview

Jackson County chose to establish a prescription drug monitoring program (PDMP), because we believe it will support coordinated care, better pain management, and the fight against opioid abuse. Ultimately we hope all of our efforts will reduce deaths associated with opioids.

A PDMP:

- Helps prevent people from receiving multiple prescriptions for the same opioids or controlled substances, making it more difficult for these drugs to be abused and
- Improves coordination of patient care among various health care providers for better pain management and reduced deaths associated with abuse and accidental overdose.

The Kansas City Health Department recently estimated that up to 26,000 people in Jackson County may be addicted to some form of prescription drugs.

According to the Centers for Disease and Control, four out of five heroin users say their drug dependency began with prescription opioids.

Emergency Preparedness

Department Overview

Since disasters and manmade emergencies do not recognize county, city, or state boundaries, the Jackson County Office of Emergency Preparedness coordinates planning and response activities with many other emergency managers. The Office works closely with law enforcement, health departments, public works, local fire districts, bi-state resources, the Jackson County Medical Examiner, and school districts. All activities are coordinated with the State Emergency Management Agency (SEMA) and the Federal Emergency Management Agency (FEMA). The Director of the Office serves on the Regional Homeland Security Council, Public Safety Commission, Local Emergency Planning Committee, Metropolitan Emergency Managers Committee, Medical Reserve Corps, the Integrated Warning Team, and State FBO shelter programs. He also serves as an Advisor to the Director of the State of Missouri Emergency Management Agency (SEMA) and serves as Governor Nixon's Co-chair for the FBOI state mass shelter program.

The Office is responsible for maintaining state certification for the Emergency Operations Center, Emergency Operations Planning requirements, and increasing the number of Jackson County employees who are National Incident Management System (NIMS) certified and trained in emergency/disaster preparation.

In 2014, Jackson County was designated an NOAA "Storm Ready" County. As part of this designation, the Office of Communications together with the Office of Emergency Management will be enlisting community business partners to become "Weather Ready Ambassadors." This will be an important public/private partnership that enlists the help of employers and businesses in notifying citizens about impending weather events.
